

## Ray Burke Outlines Service He Will Render On Board; Spikes False Rumors

Ray Burke, newly elected member of the Cameron School Board, in a statement to the people says that he is concerned only with a service that means progress for the schools. He also sets at rest rumors that he was elected to oust Superintendent E. A. Perrin and repudiates the campaign statement that he was the candidate of the Athletic Council. Mr. Burke's statement is as follows:

"It is with no little degree of thanks I offer the people of Cameron who showed by their ballots on last Saturday, their confidence in me by placing me in a very responsible position, and to them I promise at all times to do the things I believe are right and for the best interest of our school and for all things concerned."

"To those who cast their votes against me, I pledge my word that I hold no ill feeling toward anyone and only hope to win your confidence, and if you so desire, you may feel free to ask me any question with reference to my opposition to Mr. Perrin. May I frankly state, never have I used his name with intention of discharging him and have no such feeling now. And, to the Band Parents, be assured that any word coming from any source that I opposed our own Band and Band Master, is untrue and has no base, just one of those things that happened."

"As for being put into the race by the Athletic Council, or any body or organization, is wholly untrue and is still without base."

"As I go into the office please be assured that you need have no feeling of uneasiness with my going on the board that I have any personal feeling against anyone from the Superintendent down. If fair and unbiased dealing will not get the fullest co-operation I do not care to have a part."

Respectfully yours,  
RAY BURKE.

## ROTARY CLUB PLANS CHARTER MEETING

Cameron Rotary Club in its first luncheon meeting Tuesday at noon made plans for the charter presentation meeting on Tuesday, April 19.

A committee on arrangements was named by Dr. Clifford G. Swift, President. The committee is as follows: F. E. Woodruff, Chairman; Lester Glass, F. G. Blake and Dr. Swift.

The Club will decide on Friday of this week where its permanent meeting place will be. The meeting on Wednesday was devoted to business preliminary to the completed organization.

Dr. Swift said that at the noon meeting on next Wednesday he would announce all standing committees and the club would be in readiness for work as soon as the charter is presented.

The meeting on Wednesday recorded one hundred percent attendance with one member unavoidably absent.

Secretary John C. Andres reported a visit of the District Governor here Tuesday in connection with the charter meeting to be held on April 19. The Wednesday meeting was held in the office of the Chamber of Commerce. The club has 18 members.

## Easter Services For St. Michael's Church Announced By Pastor

Rev. Geo. Apel, pastor of beautiful St. Michael's church, announced Wednesday a schedule of services embracing the observance of Easter season which is an important event in the life of the church.

Services for Holy Week and Easter are as follows: Palm Sunday, blessing of Palm and High Mass at 8 a. m., at 7:30 p. m. Rosary and Benediction.

Holy Thursday: High Mass at 9 a. m. and Procession; 7:30 p. m. Rosary.

Good Friday ceremonies at 9 a. m. At 7:30 p. m. Station.

Holy Saturday: Blessing of Easter Fire at 7 a. m. High Mass at 9 a. m.

Easter Sunday: High Mass at 8 a. m. Second High Mass at 10 a. m. followed by Benediction.

## New Church at A. & M. College

Shown above is Architect Ernest Langford's sketch of the \$10,000 Chapel soon to be erected on property 100x179 feet at the north gates owned by the Protestant Episcopal Church, Diocese of Texas, of which Clinton S. Quinn of Houston, is Bishop. Money for the building of the student chapel was raised by a committee headed by Rev. J. Parker Love, Cameron.

## Cameron Pastor Is Builder of Church

(From Texas Churchman)

"In this issue of the Texas Churchman is shown the architect's sketch of the Chapel lot owned by the Diocese of Texas and closely adjoining the campus of A. and M. College located at College Station, Texas."

"The floor plan of the building also is pictured. This gives only a general idea of the churchly interior."

"The final plans and specifications furnished by Mr. Ernest Langford, A. and M. College, have been accepted by the committee and contractors' bids will be submitted within a few days."

"Thus a long anticipated dream of this Diocese is about to be realized."

"The student body of A. and M. College has grown immensely in the last few years and at present there are 220 Episcopal young men attending this college. Each year a new quota arrives from our church homes. Each year others go out into the world well equipped to take their places in business, professional and social life, and if we expect them (Turn to page 8)

## Briary Farmer is Pleased With Milk Market; Finds His Profits Are Large

Frank Raley of Briary comes forward with one of the best stories of success thus far among the young milk producers to get into a profitable business since construction of the Kraft-Phenix Cheese factory in Cameron.

Although Mr. Raley might appear at first glance at his set up, to be progressing more rapidly than is ordinarily advised, he has built his milk foundation on good sound principles. In 1936 he began to produce milk for the Kraft-Phenix market in Cameron. He had only two cows in March of that year when he began. He increased his milkers and said that an average of 4 cows a day had yielded him 10,280 pounds of milk that year for the market.

In 1937 he was not in production. He revamped his herd. He culled out 4 cows and added 5 good producers. To this herd he added a registered male. He increased his butter fat tests and now has 5 milkers and will soon have seven, all good producers (Turn to page 5)

## Rotary Gavel is Made of Cedar From Old Fort Nashville On the Brazos

Dr. Clifford Swift, President of the Cameron Rotary Club, Wednesday accepted a gavel made of native Milam county cedar from a log taken out of the walls of the old Fort at Nashville on the Brazos in Milam county. The gavel was said to have been given by members of the club.

The following statement accompanied the gift:

"This gavel was made of native cedar from a log taken from the walls of the old Fort at Nashville on the Brazos in Milam county."

"This Fort was erected in 1834, two years before Texas became a Republic. It was used by Sterling C. Robertson's colony as a refuge during attacks by hostile Indians."

"Nearby where Little River flows into the Brazos stood the forest of cedar from which timber was cut to build the Fort."

"This gavel is presented to the Cameron Rotary Club in honor of the Pioneers who constructed this old Fort in the Texas wilderness."

## Builds a Church

REV. J. P. LOVE

The year's outstanding achievement for a Cameron citizen embraces the construction of a church at Texas A & M and the honor goes to Rev. J. P. Love, pastor of All Saints Episcopal church.

Contract for the church has been awarded and is the first Episcopal church erected at the college. Announcement followed completion of several months work by Rev. Love who was assigned the task by the Texas Diocese of which Clinton S. Quinn of Houston is the Bishop.

From the Texas Churchman, The Herald takes a report of the work and a description of the church written by Rev. Love and published in the current issue. Texas Episcopalians were happy to acknowledge Mr. Love's great contribution to the Diocese in undertaking and pushing to completion this fine new edifice for the more than 200 Episcopal students in Texas A & M college.

Before entering the ministry, Rev. Love was a successful Louisville, (Turn to page 8)

## Crump and Burke Named to School Board Saturday

Dr. T. E. Crump and Ray Burke were elected to the Cameron School Board in the election held here on Saturday.

F. S. Lesovsky and S. A. Cottle were defeated. Mr. Lesovsky was running for re-election. Mr. Cottle was a member of the Athletic Council until a year ago.

The vote was as follows: Crump 431, Burke 400, Lesovsky 381, Cottle 336.

## Short CHATS With ADELE MIREE

(Editor's Note—This is one of a series of observations to be published from the pen of a Milam county girl whose real name is not Adele Miree. Discovery lies in the path of talent given opportunity.)

### THE SOURCE

We think often of the marvelous age in which we live—its scientific miracles, its powerful machinery, and its wonderfully performed operations, a few easily performed operations, we speed away in a luxurious automobile so designed and built as to give the most comfort and pleasure.

We turn a small button and instantly hear voices thousands of miles away (Turn to page 5)

## CAMERON'S ROTARY CLUB UNDER WAY

Steps for the organization of a Rotary Club in Cameron were taken Tuesday, March 29th by a group of 15 business men who met at the Chamber of Commerce office with the Belton Rotary Club.

This action unites Cameron with more than 4,000 cities all over the world where Rotary clubs have come to play a leading part in the progress and development of the life of the community.

The new club is sponsored by the members of the Rotary Club of Belton. They have felt for some time that Cameron should be represented in the world wide organization. Rotary clubs in nearby cities are in Belton, Hearne, Bryan, Temple, Taylor and Waco.

One of the distinctive features of Rotary is that its members are welcome at every other Rotary club in the world and the constant interchange of these visits between business men of different cities tends to break down any feeling of provincialism. (Turn to page 9)

## Dr. Crump Gives Thanks to Voters

Dr. T. E. Crump expressed his thanks to the people for their confidence in re-electing him to the school board on last Saturday in the following statement:

I appreciate your confidence as manifested by your vote given me on Saturday, April 2, in the Cameron school election.

Each of you is now represented on the school board, members of which take much of their valuable time conscientiously serving to the best of their knowledge and ability for the interests of the school.

No decision of the school board can be made to please every one. Not even our state and federal governments, with their intricate organization, can please every one. Even our United States Supreme Court cannot render decisions that will meet with the approval of every one.

It will be my aim at all times to serve the best I can for the interest of our schools.

Again thanking you for your support and confidence in me, I am, Sincerely,  
DR. T. E. CRUMP.

## L. F. GRAHAM BURIED FRIENDSHIP WED.

L. F. Graham, pioneer resident of Milam county, was buried late Wednesday in the cemetery at Friendship. He died on Tuesday and funeral arrangements were directed from the Green Funeral Home here on Wednesday.

Mr. Graham had been in declining health for more than a year. He was a member of the Methodist church and services were held at the Friendship Methodist church with Rev. T. D. McCrary officiating and Rev. J. Coy Williams and Rev. D. S. Burke, assisting.

Mr. Graham was the father of Sam Graham, former business man here. Another son, Ed. Graham also survives and is well known here.

He was a large land owner and one of the county's most substantial citizens. His death has brought sorrow to many here and in the community where he lived.

## Medical Society To Meet April 12

The next meeting of the Milam County Medical Society will be held at the Cameron Hospital Tuesday night, April 12.

Program: The Newer and Important Features of the Practice of Medicine, by Dr. Holman Taylor, Fort Worth, Texas.

2. Fractures, Dr. E. Rischar, Cameron, Texas.

3. Subject unannounced, Dr. H. F. Connally, Waco, Texas.

The meeting will be held promptly at 8 o'clock and all members are requested to be present and on time.

### EPISCOPAL CHURCH

Palm Sunday, April 10th. Holy Communion and Sermon at 11 a. m.

Lenten Services Wednesdays 9 a. m. and Friday 7:30 p. m.

## Evangelist

REV. C. Y. DOSSEY

## Baptist to Begin Two Weeks Revival On April 17th

A two weeks revival meeting is announced for the Baptist Church in Cameron beginning on Sunday, April 17th.

Rev. C. Y. Dossey, state evangelist, will conduct the revival which is to continue for 2 weeks ending on Sunday night, May 1.

Dr. Dossey was in Cameron a year ago for the revival at the Baptist church. Rev. Vernon G. Miles, pastor of the church has been in Bartlett for the past week or more in a revival. He said Tuesday that services are to be held twice each day during the meeting here, at 9 a. m. and 8:30 p. m.

## Dorothy Perkins is Severely Injured In Car Crash

Miss Dorothy Perkins was severely injured at 11 a. m. Sunday when her car was struck by another machine at the intersection near the John Ryan residence.

She was taken to the Cameron hospital and expected to be able to return to her home late this week. Her left hand was cut with tendons severed and another cut was sustained across the right temple and near the eye. Her father, L. Van Perkins, and baby brother, in the car with her at the time of the crash, escaped. Glass from the windshield shattered as the car struck a light pole.

Mr. and Mrs. F. G. Blake were returning home from Sunday school when their car struck the Perkins machine.

## Bethlehem School Plans Benefit Play

April 15th at 8 p. m. is going to be a red letter day in the life of the Bethlehem community. The school is to stage a play of 3 acts, featuring home talent. The title is "Caught Napping." There will be music and black face comedy between acts.

Proceeds from the play will be used to take the pupils of the school to Fiesta San Jacinto and Battle of Flowers in San Antonio on April 21. A small admission charge will be made and the public is invited.

## "Smith Boys" Figure Prominently in Transaction Here

The Smith boys figured a high average of participation in a single event here this week.

It all happened when Mayor Smith issued a writ which he delivered to Gene Smith who in turn served the writ on Bonnet L. Smith in Fort Worth. The writ was witnessed by Monroe Smith.

The transaction involved notice regarding plans of the city to purchase the properties of the water company in Cameron.

## TELEPHONE OFFICIAL SCORES PROBE REPORT

Walter S. Gifford, President of the American Telephone and Telegraph Company, released the following statement:

"When the telephone investigation was begun over three years ago, I welcomed the opportunity to place before the commission all facts as to the manner in which our business is conducted. I naturally assumed that we would have a fair investigation and an opportunity to place before the Commission all of the material facts pertaining to all phases of the Company's business which the Commission should desire to study."

The investigation however, was one-sided from start to finish. We were denied not only the right to cross-examine investigation witnesses and to be heard in our own behalf, but were denied the right to have included in the record written material which we had prepared and considered necessary to point out serious and important errors affecting most of the investigators reports. Commissioner Walker's report must be appraised in light of these facts:

We have not been given a copy of Commissioner Walker's report, said to contain 1,000 pages, but if the summary of it correctly reflects the report, it presents much that is simply not true and has been prepared with the same unfairness that characterized the investigation. (Turn to page 4)

## Stewart Opens Big Car Load Sale of P & G Products and Quality Foods

The merchandising sensation of the week is the big P & G sale at the B. F. Stewart grocery.

This sale features a variety of products under the P & G lines of merchandise. The store this week takes an entire page in The Herald to tell the readers of the many shopping advantages to be had during the sale.

Mr. Stewart was preparing for the pre-easter buying season as well as passing the P & G line of products along at car load savings to the people. Merchandise was stacked high in the big store this week in preparation for big sale.

Food prices are lowered in this sale also and buyers will be pleased to note the savings.

## Co-Operation Sought In Observance of Good Friday

A plea for co-operation of business houses in Cameron to close at least during a portion of the day April 15th, in observance of what is known in the religious world as Good Friday.

Rev. T. F. O'Sullivan of St. Michael's church in Burlington said that his church would hold the usual services for that date and he was hopeful that a wide observance of the sacred occasion would be forthcoming from all the community here and at Burlington. Only 3 hours of closing is requested from noon Friday until 3 p. m.

"This should be done in observance of the sacrifice made by the redeemer of the world," said Father O'Sullivan. Holy Week will be observed and Good Friday will be commemorated again with fitting services.

### KUZEL ELECTED

Although no official canvass has been made it was said that John Kuzel, member of the county board of education from Precinct 1, was re-elected. He defeated Paul Fuchs, former member of the board.

Circulation, news carriage and integrity gives The Herald the lead.

Mr. and Mrs. Dan Douglas of Jones Prairie visited Mr. and Mrs. Henry Garrett on Friday.

A very large crowd attended the community party given at Clarkson last Friday night. Everyone had a very nice time.

Misses Laverne Blasienz and Dorothy Lee Bell visited relatives in Cameron Tuesday.

## Washington News

By CONGRESSMAN POAGE

It is now 6:30 Friday night and House is still in session. We are working on the Re-organization Bill but it will probably be next week before it is acted upon. This bill has created lots of discussion here and many members have been flooded with telegrams about it. Personally, I don't feel that the bill is as important as some seem to think. I would like to see a number of Federal agencies abolished but I do not want to see all of the present control of spending junked. There is little enough control of spending at present.

Of much more immediate importance to our people is the farm situation. Less than two months ago we passed a farm bill. Since its passage it has become evident that we should allow a little more cotton acreage to take care of "hardship cases." We, therefore, have before the House a bill that I discussed last week, which bill would give an additional 4 per cent cotton acreage for use by the Committees in equalizing conditions. This measure is now before the House for action on the Conference Committee report and it now includes a provision guaranteeing an allotment of at least 50 per cent of the planted and diverted acres (cotton) of 1937 to each farm, provided that the additional does not operate to raise cotton acreage of any farm above 40 per cent of that farm's tilled acreage. This Congress has taken step to try to minimize the hardships that are inevitable under any restrictive bill. And in this case the passage of this bill will do more. It will in a large measure remove the threat of "administrative areas." Administrative areas is a device whereby the Department of Agriculture had threatened to destroy the good effects of the bill which wiped out the old "Historical Cotton Base" and

## Give some thought to the Laxative you take . . . . .

Constipation is not to be trifled with. When you need a laxative, you need a good one.

Black-Draught is purely vegetable, reliable. It does not upset the stomach but acts on the lower bowel, relieving constipation.

When you need a laxative, take

purely vegetable  
**BLACK-DRAUGHT**  
A GOOD LAXATIVE

installed instead the "tilled acres base." Congress intended to apply the same yard stick to every farm in the county but some of those who had profited by a large base while their neighbors, who had diversified, were penalized succeeded in getting in a very innocent looking clause providing for the establishment of administrative areas where the Secretary and the County Committee decided they were needed. The trouble was that the State Committee which was not mentioned in this provision undertook to order the division of counties without regard to the righteous and indignant protests of the local committees and the people, simply that the same old group of large plantation farmers who have so long grown cotton to the door step might continue to enjoy an advantage over the little homeowner or third and fourth man who had diversified. It immediately protected such high-handed action. I recognize that any law, no matter how good, can be ruined by bad administration. I wish that we could write a requirement into the law that they do even-handed justice to all farmers of

a given county. But I was not on the Conference Committee that brought in this report I, therefore, did the next best thing. Last night, I talked to the Administration of the Southern Region. I asked that he give me assurance in writing that if the bill was passed establishing the 40-50 rule I have described that the department would abandon its efforts to divide our counties. He has furnished me with a copy of a letter addressed to the Chairman of the committee on Agriculture (Mr. Jones) bearing date today, April 1, 1938, in which he says "If the amendments now pending to the Agricultural Adjustment Act of 1938 are passed, much of the need for administrative areas will be relieved, and it will be our policy to establish such areas only in counties where they can be satisfactorily agreed upon by the county committeemen and others in the county who would be materially affected." This I think will have the effect of securing for the farmer, at least some of the relief that Congress intended that he should have.

We have not, however, solved the

problem of increased farm income. I have pointed out many times that we must very greatly increase the price or the reduction of acreage would greatly reduce the income of our people and income is the thing in which we are finally interested. It was in an effort to secure a practical means of securing increased farm income that I introduced a bill last fall guaranteeing a parity price on the domestic portion of the crop (7,500,000 bales at 20 cents per pound would have brought \$750,000,000.) That measure would have imposed no control on acreage or price of export cotton but if the export cotton brought not one cent the South would have had a fifty per cent greater in-

come than 11,000,000 bales at 9 cents will bring. It is, therefore, evident that in justice we must pay some kind of adjustment to the farmer. I do not think a processing tax desirable from many standpoints but it seems to be the only practicable method left and I do not know that we can pass it. However, I shall support almost any method that holds out any prospect for increased cotton income and I shall, therefore, support a processing tax if I have a chance.

Nine years after he had been declared dead and insurance on his life had been paid, John Barton returned to his home in Ashford, Eng.

Mrs. Alford Canning of Bath, Eng., secured a court injunction forbidding her husband to speak to her.

## "Gold Is Where You Find It" Epic Film Of Mining History Here Thurs. and Fri.

"Gold Is Where You Find It," a Warner Bros. all Technicolor production starring George Brent and Olivia de Havilland, is scheduled as the Cameron Theatre's feature attraction opening on Thursday.

Based on the best selling novel of the same name by Clements Ripley, it is the story of the famous feud between the wheat ranchers and the hydraulic miners of California during the 1870's.

During this period California was in an unsettled condition. The ranchers had not had time to organize and consolidate themselves before the land was over run by miners backed by large eastern financial interests.

The mining operations in the mountains caused large quantities of dirt and gravel to be washed down onto the wheat covered plains below. Thousands of acres were inundated and the damage ran into millions.

"Gold Is Where You Find It" is the dramatic story of the final outcome of this battle for supremacy between the miners and the ranchers which is now one of the high spots of California's history.

The large cast includes such outstanding players as Claude Rains, John Littel, Margaret Lindsay and Barton MacLane.

Colonel Christopher Ferris (Claude Rains) is one of the great wheat raisers of the Sacramento Valley, and the leader of a group of ranchers which for years has been fighting the hydraulic miners in an attempt to stem the flow of mud, rocks and debris which inundated their lands

from the mining operations.

Jared Whitney (George Brent) comes to Tenspot as an engineer to run the Golden Moon Mine owned by Harrison McCooley (Sidney Toler.) He rescues Lance Ferris (Tim Holt), Col. Ferris' son, from a bar-room brawl and in gratitude Lance takes him home where he meets the Colonel and his daughter Serena (Olivia de Havilland.)

Jared and Serena soon find themselves in love, but the Colonel secretly orders Jared from the ranch.

The young miner is transferred to San Francisco and is there when the courts issue an injunction against the miners in favor of the ranchers.

McCooley orders Whitney to go to the mine and resist the law by force, but he refuses to do so. Instead Jared hastens to Tenspot to prevent trouble.

He arrives to find that the miners led by Slog Minton (Barton MacLane), have shot Lance Ferris when he attempted to serve the injunction. The enraged ranchers are preparing to storm the barricaded mine.

Whitney pleads with the ranchers that such a move would be sheer suicide and they finally give him a chance to try a stratagem.

Jared climbs the canyon below the mine and gains access to the powder shack. Procuring some dynamite he starts for the dam above the mine when he is sighted by Minton. In spite of a shoulder wound he manages to blow up the dam and the water rushes down over the miners.

Col. Ferris and his helpers are also swept away by the torrent, but Jared is able to save them, thus preventing trouble and winning the respect and friendship of the ranchers.

FOR SALE—A good young milk cow, Grabein Chevrolet Company.

## NEWS FROM JONES PRAIRIE

(Continued from page 1)

by way of radio. We walk to a telephone and speak to friends in distant cities as though they were there in the room with us. All types of gadgets and conveniences free us from drudgery in this modern world.

Yes, we think of it all and wonder. What progress we have made in the last few decades! Today there are mechanical devices that we use day by day, so involved and complicated that it is beyond the human mind to grasp the understanding of it all. Yet we sometimes forget to marvel at the many things we see each day which no human hand can produce or duplicate.

The sunset that no artist, however able he may be, can catch on a canvas as beautiful and as real as it truly is, is daily visible to us of we would only take time to look at it. No artificial flower can equal the perfection of the blooming rose. Scientists can mix and form the chemical content of a thing but they cannot impart life to that thing.

Those human hands, at whose toil so many useful things have been invented, are much more interesting and awe inspiring than their product because they contain something no human being can give. Life, growth, vitality come from the Supreme Being and we find that materials contained in our modern wonders have always been gifts to the universe and were only awaiting the assemblage by man.

**Raley**

(Continued from page 1)

and giving the best possible content butter fat. In all he has ten head. They are Jersey's. He said that in 1938 he will produce about 36,000 pounds of milk.

Mr. Raley has 68 acres in cultivation. He plants 22 acres of cotton. Last year his government benefits were \$131.52. He made a test. He planted 7 acres in sudan grass and found that when he had used this feed for milk producers he had made more money off 7 acres of land than 25 acres of cotton.

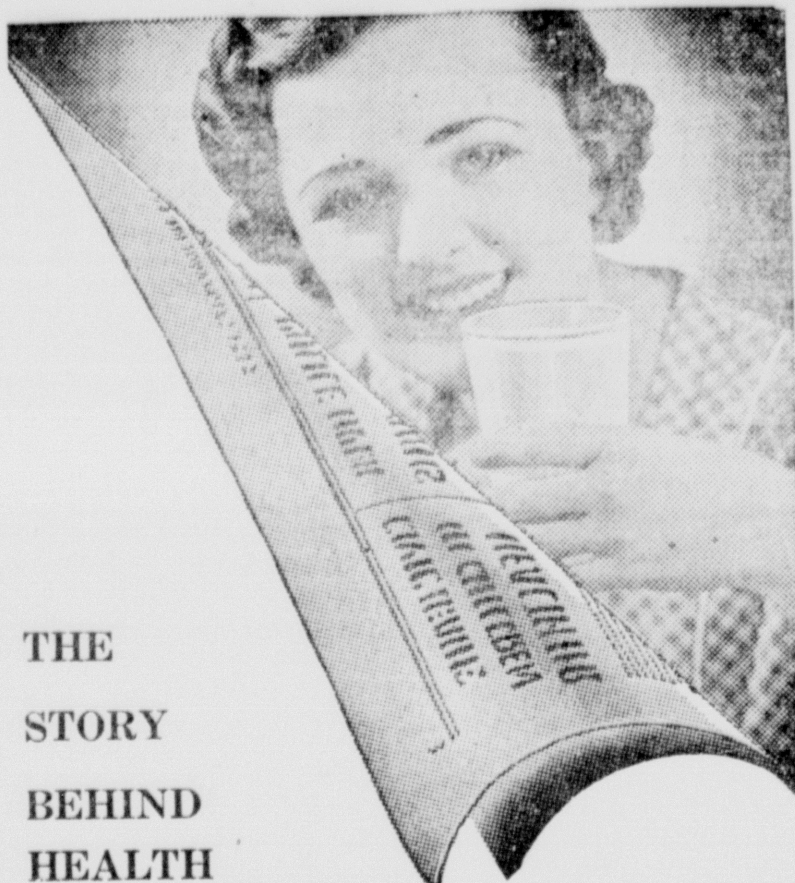

Mr. Raley continues to cull his herd and to keep the increase when good producers are proven. One advantage farmer should realize, he says, is that cows build up the soil. Mr. Raley keeps books on every phase of his operations. Here's how he plans to plant this year: 14 acres in sudan; 7 acres broadcast feed; 3 acres in heigar; 14 acres in corn. This fall he will plant 30 acres of oats.

On 5 cows Mr. Raley figures a milk income of \$7.50 per cow per month. His gross income with 7 this spring will be \$42.50 per month. Other values he estimates bring the total gross income per cow up to \$9 per month, or a total of \$63 from 7 cows. The total for the year will be \$756.

Rev. and Mrs. J. Barton of Grainger, Mr. and Mrs. Anton Adamek and daughter of Edgewood, Mr. and Mrs. J. J. Stocklas, William and Joseph Stocklas and Edna Suebe had supper Sunday in the home of Mr. and Mrs. Will Lesikar and baby.

Mr. and Mrs. Frank Masar and children visited in Cameron Friday. Joe Stocklas, Jr., visited August and Pete Miller Wednesday night.

## Ad Hall Winner Of Rural School Division at Meet

Ad Hall was winner of the Rural School division at the county meet held in Rockdale. The Herald has received a letter from S. C. Miles, director stating an error was made in the published report last week. In part it is as follows:

"Since the Senior Track for Rural Schools was run off with the Class B Schools, it was my opinion that one winner would be declared. I have an interpretation from the League Office at Austin, however, which states that a winner should be declared in each division.

"This changed interpretation changes the winner in the Rural School Division. Ad Hall is winner of the Rural School division with 67 points and Yarrellton is second with 60 points.

## Key and Lock Man Here This Week

Mr. Ellis is also an expert gun- and locksmith, arrived in Cameron Wednesday to be in the city for the remainder of the week to do key and lock work.

Mr. Ellis is also an expert gunsmith and also does safe work. He can be found at Tim's place in Santa Fe town during the remaining days of the week.

## Oil Fraternity is Watching Red Bank Well in Lee County

The Red Bank Oil Company's well on the H. H. Coffield land in Lee county south of Rockdale was drilling at 400 feet Thursday.

B. F. Robinson of Cameron, geologist, was hopeful of production from the Edwards lime to be encountered at 6000 feet. The well is 1400 feet northwest of the previous location. In the old well the lime was touched at 6000 feet with a showing. At 6241 feet salt water caused the drillers to abandon the well.

Trinity sand can be reached at 9000 feet in that vicinity, said Mr. Robinson. The sharp dip of the structure is amazing. The Edwards lime is encountered here at 2500 feet. At the well now drilling it is 6000 feet down.

Mr. Robinson said that Cron & Gracey, drilling contractors, are using a Diesel rig.

# PROTECT your JOHN DEERE EQUIPMENT

Buy only GENUINE Repairs  
for Your John Deere Tractor  
and Implements. . . . .

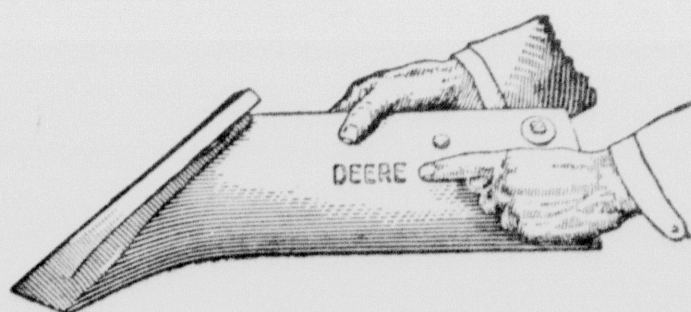

When you buy a GENUINE JOHN DEERE REPAIR PART from us, you are buying an exact duplicate of the original part it is to replace. It has been made of the same high-grade materials, from the same pattern, worked in the same jigs and dies, with the same tools and with the same high-grade workmanship.

A genuine John Deere repair part is GENUINE in the way it is made and GENUINE in the way it functions on the implement or tractor for which it was made.

As the John Deere dealer in this community, we sell only GENUINE JOHN DEERE REPAIR PARTS. By so doing, we maintain the good reputation of our store and the reputation of the John Deere line for continuous good work.

So we say to you—give your John Deere Implements a square deal. Keep them operating at their best by buying only GENUINE JOHN DEERE REPAIRS.

Look for the symbol 'D' or the name "DEERE". They identify the GENUINE.

JOHN DEERE QUALITY IMPLEMENTS AND SERVICE

This just does not make sense.

Bell System earnings have never been excessive. The suggestion that rates might be reduced 25 per cent throughout the Bell System without reducing net earnings by changing depreciation and other major policies and practices, is absurd.

According to the summary, the report claims for the investigation, credit for reductions in rates and many other things which, in the normal course of business, and in accordance with the Company's policy antedating the existence of the Federal Communications Commission, would have taken place without any investigation.

## City Election Poll Is Light Here Tuesday

Cameron's City election was a tame balloting Tuesday with only 114 votes cast. The results announced Thursday by Dan Tyson, city secretary was as follows:

Chas. C. Smith for Mayor 112; W. A. Morrison for city attorney, 113; W. H. Stafford, for assessor and collector of taxes, 113; Dan Tyson for secretary and treasurer, 113; Gene Smith for City Marshal, 113; Roy Griffith for Alderman 113; E. O. Schiller for Alderman 113.

## NEWS FROM BEN ARNOLD

A surprise birthday party was given for Marie Meinen Saturday night, April 2, by Alvin Dornier. Out door games were played and enjoyed by a group of 35 young people. Refreshments of sandwiches, cake and punch were served. The music was rendered by Marvin Seidl on the guitar and Monroe Lechil on the fiddle.

The love bug was present and he hit, Mary Sue Cook, Ora Lee Strickler, Dorothy Reddchase, Louise Meinen, Arvin Mitchell, Ruby Sweet, Buck Strickler, A. G. Sweet, Van Sweet, Chesley Birchback and Annie Beth Cook fiercely.

Ora Lee, Leonard, Buck and Walter Strickler went to a birthday celebration in Marlin on Sunday at Mrs. Ben Strickler's home.

Mrs. O. A. Becker after a long illness, has been brought to her home in Ben Arnold.

## THE CAUSE OF FAILURE IN HIGH SCHOOL

One would usually guess that the greatest cause of failure in high school is lack of brains. This is not always true, and I shall try to explain the reason why.

A boy or girl who has passed all courses should have enough brains to pass all subjects after entering it. The reason, then, for failure, is largely neglect of studies, because the temptation to fall down on the job is too great. Besides, the outside activities always take up much of the time, or at any rate, they are a good excuse for not studying.

After neglecting a few days work, the boy or girl finds himself or herself farther and farther behind until finally, he wakes up to the fact that he is failing! He then puts the excuse that he is too dumb to understand the course, but intelligent people know that the real reasons are neglect and laziness!

## DANDELIONS

By William Sweet, Jr.

Under the old rough apple tree,  
Under the Elms and Pines,  
That is where I long to be,  
Among the yellow Dandelions.

I weep in winter and the spring,  
When the Dandelions are dead,  
But in the summer, when I sing,  
I see their pretty head.

Of all the flowers, the Dandelion,  
Is the flower I long to see,  
It is the flower I pick for mine,  
And with its blossom's I long to be.

And when this life of mine is gone,  
And my face you cannot see,  
Just bury me in the ground alone,  
With some Dandelions o'er me.

## Sweet Sorghums And Millet Soil Depleting Crops

The State Office has notified all County Offices that Sweet Sorghums and millet are soil depleting, and cannot be used on government land, if such crops are harvested for hay.

The new ruling was made by the Washington Office.

We have no definite information as to when the 1938 Sign-up will start. Cotton acreage allotment quotas will be mailed to individual farmers as soon as these acreages allotments are available.

Remember, individual farmers will be notified by mail as soon as allotments are known.

GEO. BANZHAF,  
County Agent.

An odd combination of names was found in three men fined in one day for speeding in St. Louis. They were Alex Staid, George FASTER and John C. Stlowe.

Albert Corbin of Hull, Eng., was convicted of bigamy with all his 22 sons in court. The children were by four different mothers.

## CARDUI

In this modern time something wonderfully worth while can be done for practically every woman who suffers from functional pains of menstruation. Certain cases can be relieved by taking Cardui. Others may need a physician's treatment.

Cardui has two widely demonstrated uses: (1) To ease the immediate pain and nervousness of the monthly period; and (2) to aid in building up the whole system by helping women to get more strength from their food.

## Buy and Use Easter Seals—Help Crippled Children

## Appeal for Crippled Children's Seal Sale At Easter is Widely Broadcast Over Country

Interest in the cause of Crippled Children was combined with devotion to the old home county when a contribution came recently from far-away Arizona to the Milam County Chairman for Easter Seal Sale for Crippled Children.

The Governor's designation of a week in April as Crippled Children's Week adds to the importance of co-operation, and the April meeting of the County Welfare Board will stress all efforts being put forth for our handicapped children.

Paul Frereton of Chicago testified in his divorce suit that his wife wanted him to take a crooked job that would have tripled his earnings.

Charles O'Neil of Georgia was arrested for having a faucet in his store which was attached to a 120-gallon liquor tank, buried in the ground.

Do you know that in the scarcely more than two years of work for our Milam County Crippled children, twenty-one have had the care of hospital, physician or surgeon, and that five of our country's children are now in hospitals!

Do your bit to help these and other children by responding to the appeal made in this Easter Seal Sale. If you have no local chairman send to the County Chairman of Easter Seal Sale for Crippled Children, Mrs. Stanley H. Swift, Cameron.

The life of an officer of the steamship Adjutant was saved by a prescription sent by radio by a doctor at Gibraltar.

Poultrymen of Burbank, Calif., have protested against airplanes flying in their vicinity, saying their hens are frightened and refuse to lay.

## Southwestern Agent Attends Meeting in San Antonio

San Antonio, Texas, April 7—Mr. and Mrs. S. E. Brogdon of Cameron are in San Antonio attending the thirty-fourth annual convention of the Southwestern Life Insurance Company which he represents.

The Convention got under way this morning when Harvey L. Hays, Abilene agent and president of the Southwestern Life Club, opened the first business session. Arthur E. Baird of San Antonio welcomed the visitors from all parts of Texas and J. S. Bane, Beaumont agent of the company, responded for the visitors.

C. F. O'Donnell, president, stated that more than 500 Texans were attending this meeting as the guest of Southwestern Life Insurance Company, which gives the trips to agents who produce a special volume of business during the year. Mr. O'Donnell told those present that the total life insurance written by them during 1937 was approximately 12 per cent greater than the amount produced by those in attendance at the last convention in Dallas, which reflects the excellent progress made by the Company during the past year.

At noon today Arthur Coburn, president of the firm, made his annual address following a luncheon in the ball room of the Gunter Hotel, which is the convention headquarters. This afternoon the visitors will tour the interesting City of San Antonio which is now preparing for its Fiesta de la San Jacinto. Tonight there will be a get-together dinner on the open air roof of the convention hotel where a floor show will be presented, with bridge and dancing following.

Business sessions will continue through Saturday morning with Richard R. Lee, vice president and agency director; E. G. Brown, vice president and actuary; T. L. Bradford, Jr., vice president and treasurer; R. A. B. Goodman, vice president and director of public relations; G. L. Soelter, secretary; and Dr. W. J. Allison medical director, participating.

The high light of the convention will be Friday night at the annual banquet in the Gunter Hotel ball room when addresses will be made by R. L. Daniel, chairman of the Board of Insurance Commissioners of Texas, and Walter P. Napier, president of the Alamo National Bank of San Antonio. During this banquet, President O'Donnell will present the awards to various agents for outstanding accomplishments during the previous year.

The Southwestern Life's main office is in Dallas. It is a Texas company confining its operations entirely to this state.

## Church

(Continued from page 1)

to fill their places in the church life of cities, towns and country side where they will make their homes, their religious environment and education should not be neglected during these most important impressionable years.

"General Chapel services were discontinued at A. and M. many years ago and each religious denomination has endeavored since that time to supply its own group with a student pastor, a service of worship on Sundays and a place to meet on weekdays for religious education and social fellowship.

"The other large Christian bodies for some years past have had either church buildings, parish houses or other facilities, each group having a full-time Student Pastor on the grounds while the Episcopal group has been ministered to by a part-time Student Pastor with no place of our own and at times only class rooms for meetings.

"But the clouds have broken—the sky is clearing, for we now have a full-time Student Pastor at A. and M., Rev. Roscoe C. Hauser, Jr., who is doing a fine piece of work and is looking forward to greater opportunities as soon as the chapel, his workshop, is completed.

"The A. and M. Chapel Committee was instructed to go forward with the erection of a building large enough and substantial enough to take care of the needs for years to come, even though sufficient funds were not in hand to complete such a project.

"This building will be 76 feet long and 39 feet wide with a composition roof, brick faced exterior, and resting on a reinforced concrete foundation, and will have a seating capacity of one hundred. The cost of the building itself will not exceed \$10,000; to this must be added the furnishings.

"The Diocese of Texas is underwriting \$3,500, the amount still needed to erect the building, with the understanding that the A. and M. Chapel Committee will make a sincere ef-

## Attends Convention

S. E. BROGDON

fort to obtain this amount from members of our Diocesan family.

"So then, when this committee gives you the opportunity to make an investment in holding and strengthening the faith of this constant succession of young Episcopal students at A. and M. College, make your subscription as liberal as your conscience will allow. Your dividends for years to come will be expressed in reasonable, sane Christian citizenship.

REV. J. P. LOVE,

Chairman Episcopal A. and M. Chapel Committee.

Radio Repairs that last longer but do not cost more. Parma Radio Service.

## Love

(Continued from page 1)

Kentucky, business man. During the world war he held places of importance in the administration of the country's business. When he became a minister he left the business world to devote his life to his church.

In Cameron and Milam county Rev. Love has written in terms of service as a civic leader some of the more important advances of the decade. A widely commented upon phase of his ministry is the translation he has made of his Christianity into practical benefits. As a humanitarian he has given of his strength, time and wide experience liberally to Red Cross Work and to Child Welfare. He became the first administrator of Relief Work in Milam county under the federal and state governments and was prominent in the administration of the Milam County Board of Welfare and Employment. As a Scout Executive and worker among boys he has found a fine expression of ideals in a very worthy cause for better social conditions for boys.

His citizenship has been a challenge to the community and his work in promoting and building a new church at Texas A & M is a challenge to the Diocese of Texas.

Mr. Love has found a place of service in many phases of community life, not least of which has been the successful operation of the Community Chest. He is a widely known Pythian lodge member; member of the Chamber of Commerce and Cameron Rotary Club along with other civic affiliations.

Child Welfare Work has challenged his ministry more than any other

of the many things to which he has turned in the practice of humanitarian religion. He was instrumental also in obtaining for the county a Public Health Nurse.

Communities have been known to list outstanding individuals among their greater assets. Rev. Love, a host of friends point out, has added immeasurably to human values in Cameron.

## MRS. CORA LEE WING BURIED AT MARLOW

Funeral services for Mrs. Cora Lee Wing were held on Friday following her death on Thursday at her home in Cameron.

She is survived by E. J. Wing, well known Cameron resident. They had been residents here for a number of years. Their old home was in Atlanta, Ga.

Interment was made in the Marlow Cemetery with the Green & Boedeker funeral home directing arrangements. A large number of relatives survive, among them, her husband, E. J. Wing, a son Harry Lee Williams, of Los Angeles, Calif.; three brothers, Edward May of Little River; John May of Cameron and Asa May of Floresville in Wilson county; six sisters, Mrs. Effie Sharpe of Temple; Mrs. Dona Ball of Los Angeles; Mrs. Laura King, Dennison; Mrs. Nora Greer of Gonzales; Mrs. Lula Davis of Los Angeles; Mrs. N. Y. Hayes of Marlow.

## BAND TAKES FIRST PLACE IN MEXIA MEET

Cameron's crack high school band under Francis Cox won first place in the district contests held in Mexia on Friday of last week.

The band enters the state contest in Waco a favored organization to rank high in the contests. Cameron's band rated highly superior to tie with Mexia for first place in music played. In the sight reading contest the Cameron band scored the highest point and was the only band to qualify for the state meet to make a first place in sight reading. Sight reading was explained as playing music on sight without having seen or practiced it. This was regarded as the

best compliment to the band although it was cheered for its general efficiency.

The band brought back ten medals for successful competition in solo events. First division medals went to Grady Baskin, Julian Baskin, Bruce Laird, Willard Skelton, David Wade, Josephine Newton, Lucille Stedman in cornet duet; second division medals Martha Frances Brogdon and Jim Baskin. These soloists were qualified for the state contests.

Mr. Cox was receiving the congratulations of the people on the success of the band in the contest and is preparing for the state meet.

James Hockings of Yonkers, N. Y., walked 70 miles on his 70th birthday in 14 hours and 50 minutes. "Walk and be healthy" is his motto.

## ~ COTTON ~ One of Texas' Great Assets

Cotton is the most valuable crop grown in Texas. The 1936 crop was valued at \$217,018,000. The average Texas cotton crop covers about 12,000,000 acres, the greatest single crop grown in any one state, and provides a livelihood for more people than any other one Texas industry.

Using latest developments in science and sanitation to brew Texas' Own PEARL Beer has won for the San Antonio Brewing Association the reputation of being one of Texas' great assets.

You'll enjoy that "extra something" which fifty-two years of constant brewing experience, plus finest ingredients, plus San Antonio's pure, world-famous water, give to Pearl. It's a real taste-thrill which, whenever you drink, makes you say, "Bottle of PEARL, please!" "THE REASON IS IN THE BOTTLE!"

[ This Brewery is completely air-conditioned and air refrigerated to insure the purity of PEARL Beer. ]

## Future Farmers Mix Dairy Feeds in Test For Balanced Ration

A desirable grain mixture for feeding dairy cows that consists of wheat bran, ground corn, sweet feed, cotton seed meal, wheat shorts, and minerals, was mixed by Cameron Future Farmers last week. It is the type of ration suitable for use on most farms of Milam county and has the following formula: Wheat bran, 100 pounds; wheat shorts, 100 pounds; cotton seed meal, 100 pounds; ground corn and cob meal, 200 pounds; a bulky commercial sweet feed, 100 pounds; salt, 6 pounds; and oyster shell flour, 6 pounds.

In feeding this mixture, the amount given varies with the milk production of the cow. The usual rule is to feed 1 pound of the feed for each 3 1-2 pounds of milk the cow gives. That is, a cow giving 3 gallons of milk a day would receive about 7 pounds of the mixture each day, with half of it being fed in the morning and half at the night milking.

In addition to the grain mixture the cow should run on pasture, and will need some dry hay. Silage will be needed when grass is not available.

Other good grain mixtures are: ground hogari heads, 1000 pounds; ground hogari heads, 100 pounds; and cotton seed meal, 300 pounds. (Feed miller on neutral acres. Congressman No. 3 mixture: Wheat bran, 100 pounds; ground corn and cob meal, 150 pounds; cotton seed meal, 100 pounds; ground legume hay, 100 pounds; 6 pounds of salt; 6 pounds bone meal or oyster shell flour.

### MRS. ANNIE MAE (BAILEY) JACKSON

Friends and relatives were shocked at the sudden, untimely death of Mrs. Jackson who passed away March 21.

Her girlhood was spent in the North Elm community, where a host of friends mourn her passing.

She was married August 28, 1927, to Ray Jackson of Copperas Cove, Texas. To this union two children were born, Verna Mae, age 6 and Ray, Jr., age 2.

Mrs. Jackson became a Christian in early childhood. She was a devoted wife and mother, her Christian influence will be greatly missed.

Funeral services were held from the North Elm Baptist church, March 22, Rev. P. L. Caperton officiating. She was laid to rest in the North Elm cemetery.

Active pall bearers were: Sam Clark, Sam Houston, R. Hurry, Ed Angel, Carl Phips and Ewell Russell.

She is survived by her husband and two children, her parents Mr. and Mrs. E. Bailey, two sisters, Mrs. Edwin Lehnert and Mrs. Allen Dodson, five brothers, Claud, Joe, Allen, James and Lee.

### CARD OF THANKS

We are grateful to our friends and neighbors for their kindness and assistance during the recent illness and at the death of our beloved wife, mother and sister, Annie Mae Jackson. Words of sympathy spoken to us during our hours of great trial and the assistance rendered in our hour of great need, will bind you to us with ties of strong remembrance.

Roy Jackson and family.

Mr. and Mrs. Eugene Bailey.

(Parents of Deceased)

Mr. and Mrs. Allan Dodson and family.

Mr. and Mrs. Edwin Lehnert and family.

Mr. and Mrs. Claud Bailey and family.

Mr. and Mrs. Allen Bailey.

Joe Bailey.

Lee Bailey.

James Bailey.

William Lorisich, a Swiss customs guard, refused a bribe of \$50,000 offered him by a rich smuggler he had captured.

In Cardiff, Wales, was found a 100 year old resident who had never heard of the World War nor ridden in an automobile.

## HEADACHE due to constipation\*

"Relieve the cause of the trouble! Take purely vegetable Black-Draught. That's the sensible way to treat any of the disagreeable effects of constipation. The relief men and women get from taking Black-Draught is truly refreshing. Try it! No mineral drugs, no synthetic chemicals — just purely vegetable leaves and roots, finely ground."

**BLACK-DRAUGHT**  
A GOOD LAXATIVE

## Pecan Expert Gives Advice to Local Growers

Both patch budding and bark grafting may be used now to propagate pecans of native types to improved pecans, J. T. Kelley, pecan specialist, told farmers and farm boys at the Anton Anderle farm Friday afternoon. Grafting may be continued until May 10, Kelley said, while patch budding may be continued until the bark begins to tighten in late summer.

Pecan improvement steps include topping poor quality natives and summer budding to improved types, clearing of underbrush, removing pecan trees of low vigor, mowing weeds and seeding the improved pasture, Kelley stated.

Due to a mix-up Mr. Kelley did not arrive in Cameron in time for the morning program Friday but he will return to Cameron later in April for the demonstration, it was agreed, and a night meeting of those interested in pecan improvement will be held at that time, Kelly said.

### NEWS FROM AD HALL

Oscar Benold of Schulenburg was a week end guest in the home of Mr. and Mrs. Henry Garlich.

Mrs. Grover Williams and Mrs. W. P. Elliott were Belton visitors Saturday. Their daughters, Misses Johnnie Williams and Mary Frances Elliott students at Mary Hardin-Baylor accompanied them home for the week end.

Mr. and Mrs. Ben Goodwin and Mrs. E. J. Kahler shopped in Temple Saturday.

Mr. and Mrs. Buford McMillion were Temple visitors Sunday.

Mr. and Mrs. E. B. Hyer spent Sunday in Austin where they were guests of their son in law and daughter, Mr. and Mrs. Horace Seccrest.

Miss Genevieve Meyer of Ft. Worth was a week end guest of relatives here.

Mr. and Mrs. Feaster Scarborough of Splawn and Mr. and Mrs. Bob Bailey and son Ben Hardy were Sunday guests in the home of Mr. and Mrs. Hardy Scarborough.

Mr. and Mrs. John Meyer and son John Ritchie went to Dallas Sunday for a visit with relatives.

Mr. and Mrs. T. V. Adams and daughter Miss Jeane were Belton visitors Tuesday.

Cecil Criswell spent several days of the past week in Scott and White hospital, Temple, where he had his tonsils removed.

Week end guests in the home of Mr. and Mrs. John J. Michna were Mr. and Mrs. Frank Michna and children and Mrs. T. Michna of Shiner. The guests were John Michna's brother and family and his mother.

Mr. and Mrs. Lawrence Fleckenstein and children of Bryan were week end guests in the home of Mr. and Mrs. Tom Machann.

Mrs. Joe Vajdak and Jerrie Babovec were Snooks visitors Sunday.

Misses Genevieve Walschak and Beatrice Walschak, with other Spanish students from Cameron (Yoe High) attended a Spanish play at Mary Hardin-Baylor, Monday night.

## POAGE GETS MILLET AND SORGHUM RULE REINSTATED AS MADE

Congressman W. R. Poage today announced that the Department of Agriculture had given him assurance that they would reinstate their original orders which would allow farmers to plant sweet sorghum and miller on neutral acres. Congressman Poage had brought the subject up on the floor of the House of Representatives earlier in the day and had secured a statement from Representative Marvin Jones, Chairman of the Committee on Agriculture in answer to Poage's questioning that the Department of Agriculture "ought to correct the mistake," which Poage contended had been made.

The regulations first issued by the Department of Agriculture allowed the growth of sorghum and millet and subsequently after most farmers in Central Texas had already planted or prepared to plant sorghum and millet, the Department of Agriculture issued orders revoking their original regulations permitting this. Considerable confusion resulted due to the fact that farming operations in Central Texas had progressed to the point where farmers were for all practical purposes unable to comply with the changed regulations. This last ruling of the Department of Agriculture has the effect of reinstating the original orders and Poage said that this would be a great help to all Texas farmers as the acreage allotted to feed crops in Texas under the 1938 agriculture program is very small. Poage said that one of the most important features of a sound agricultural program should be the production of all necessary feed at home. He pointed out that most Central Texas counties would be unable to do this on the 'general crop'

or 'feed' allotment made this year unless they were allowed to utilize the neutral acres for sorghum, millet and sudan grass. Central Texas farms can not grow clover, timothy or other hays that are available to farmers in the Eastern States, Poage said and this action of the Department of Agriculture in permitting Central Texas farmers to plant sweet sorghum and millet on their neutral acres should prove of real benefit to them.

Harold Meckerly of Westerly, R. I., lost his memory after an accident and wandered through the south for several months, finally becoming normal and returning home to find that his fiancée had married another.

Charles Lewis of Swansea, Wales, did not object to William Jenkins stealing his wife, but when he also took the family phonograph he was sent to jail.

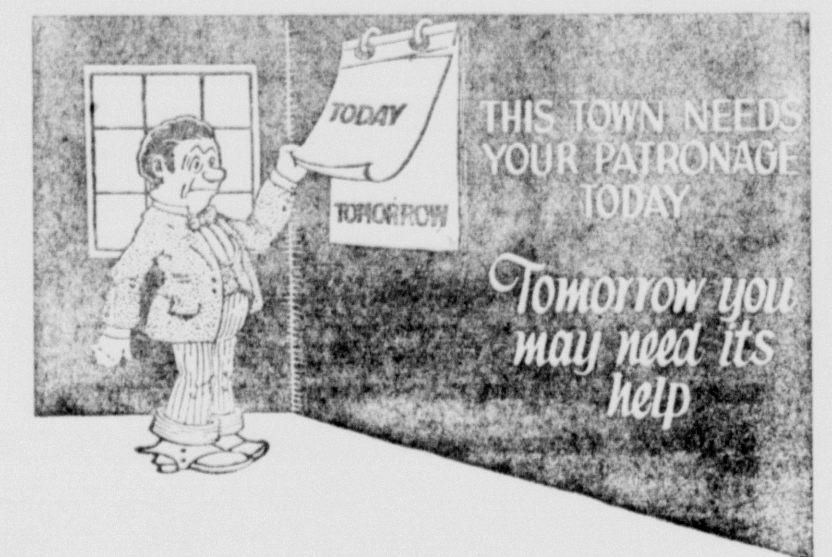

## Buckholts Makes Good Showing in Vocational Tests

Buckholts the only junior high school entering the Area VIII Judging Contest, qualified for the State Meet at A & M on April 18.

The poultry team consisted of Felix Marek who placed seventh high man in a group one hundred seventeen boys. Wyman Hopkins and Benie Lane Goodwin. The team placed seventh out of 39 teams. The team are all ninth grade boys coached by teacher, E. L. Hinson.

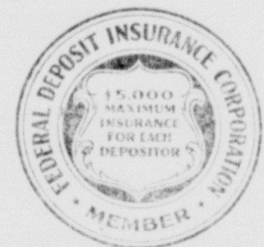

Four persons were painfully but not seriously hurt in Ohio when a truck and an automobile collided. Both vehicles being thrown into the ditch. It might have been worse if any of the 50 cases of dynamite with which the truck was loaded had happened to explode.

## Rotary Club

(Continued from page 1)

alism and rivalry, to the advantage of all cities.

Officers elected are as follows: Dr. Clifford Swift, President; J. B. White, Vice President J. C. Andres, Secretary and Treasurer; F. E. Woodruff, Sergeant at Arms.

Application for Charter was made Saturday and the following names will appear as Charter Members: Dr. Clifford G. Swift, J. B. White, John C. Andres, F. E. Woodruff, Stanley Swift, J. P. Love, Dr. W. R. Newton, Jr., M. G. Cox, F. G. Blake, E. H. Coffield, Lester Glass, P. W. Davis, B. M. Alexander, B. F. Bonds, B. F. Robinson, W. DuBois, Dr. E. R. Zellner and John Copley.

These men, each representing a different classification of business, were brought together to be the nucleus of a complete "cross section" of the economic life of the community.

The new club will have its regular weekly meetings at a place to be decided within the near future. It has been the Rotary custom ever since the first Rotary club was founded in Chicago in 1905 to have weekly meetings where the members might develop and strengthen a spirit of fellowship and mutual helpfulness, and engage in some informative discussion on some topic of general interest, usually presented by a qualified speaker.

As soon as the new club has been admitted to membership in the international organization by vote of the international board of directors, its charter as a Rotary Club will be delivered by Belton Rotary Club and Allen S. Pementel of Houston who is governor of the clubs in this district of Rotary. Delegates from all the other Rotary Clubs nearby are expected to attend this event. The motto of Rotary "Service Above Self—He Profits Most Who Serves Best," is interpreted in Rotary in four ways—service to the club to make it strong and active; service in one's own vocation; service to the community; and service to the world as a world-citizen. These four ways arise out of the four objects of Rotary, are:

To encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

1. The development of acquaintance as an opportunity for service.
2. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian of his occupation as an opportunity to serve society.
3. The application of the ideal of service by every Rotarian to his personal, business and community life.

4. The advancement of international understanding, good will, and peace through a world of fellowship of business men united in the ideal of service.

## FARM CLUB NEWS

Dorothy Porter  
County Home Dem. Agent,  
Milam County:

An expenditure of \$17.75 for my materials has given Mrs. Lester Hart, kitchen improvement demonstrator of Garden Home Demonstration club a new kitchen for an old one.

The kitchen which had no conveniences, and no beauty is now an attractive work place that is easy to keep clean. There is a built-in cabinet, new paper on the wall and paint on the woodwork, and the floor is covered. The sink is in place and the tank ready to put on a platform to bring running water into the kitchen.

These results have been accomplished with so little cash outlay by making use of materials on hand, and by doing the work and eliminating the labor costs.

To give her baby chicks the best possible chance, Mrs. Bill Schwartz, poultry demonstrator of the Duncan Home Demonstration club has moved her brooder house to new ground on oat range. This range is enclosed with poultry wire and plums and wild mulberry have been planted to give shade later.

An important brooding system is being used this year. It consists of an old tank for a brooder house and a tub and lantern for heating.

One hundred English white leg-horns are being started now and one hundred more will be secured when these are old enough to take from the brooder.

A small home made brooder is being used by Mrs. Babe Yount, poultry demonstrator of the Gardner Home Demonstration club to start 50 white leghorn chicks.

This brooder is 2x4 feet and 18 inches high. It has a water proof removable flat roof. This house is placed over a hole the same size as the house that holds a kerosene lamp for heating. The floor is a piece of tin that completely covers the hole. This is covered with two inches of sand. A wire runway is built in front of the house.

The house will take care of this number of chickens till they are six weeks old.

A brick brooder stove was in operation when Mrs. George Roberts, poultry demonstrator of the Tracy Home

Demonstration club received 300 acana chicks.

This stove was begun at a meeting and completed by Mr. and Mrs. Roberts. Mrs. Roberts reports that it heats the room well and she thinks it will prove quite satisfactory. It is an economical, permanent type of heating system for it can be built for less than \$5 and burns wood which the farm affords.

The plan for this stove can be obtained from the office of the Home Demonstration Agent.

Charles Ahrends of Hammond, Ill., put his wife and children out of the house while drunk, and then threw them a mattress and bedclothes.

A supposedly lucky wishbone was unlucky for Peter Larson of St. Paul who was sent to jail for stealing it.
